

Successes

November 2021 - January 2024

County-wide Action Plan:

- Agreed summary Action Plan with top three priority actions for six sectors

Projects:

- 60 Business energy audits
- 40 Farm carbon audits and follow up audits in 2026
- Renewable energy opportunity mapping

Business Energy Audits:

"The whole process was very easy, Stephen from Severn Wye came out to see us and take a look at how we work currently, he then got back to us with a report within 10 days. The report highlighted some things we specifically wanted to look at plus gave a few extra suggestions we hadn't considered – all in all a very helpful process."

Connie Orbach, Shepherds Ice Cream

Contributing to county-wide strategy development

- New Adaptation Strategy
- Council's Core Strategy/Local Plan
- Nature recovery network opportunity mapping

Initiatives:

- Helped develop the county-wide Greener Footprints communications and engagement initiative and new zerocarbon website
- 30 for 2030 business initiative
- Climate and Nature grant scheme
